

# Израиль Львович Бейгман

(1 февраля 1940 — 6 июля 2013)

Ушел из жизни Израиль Львович Бейгман - теоретик, доктор физико-математических наук, специалист в области теории атомных столкновений и кинетики плазмы, ведущий научный сотрудник Физического института им. П.Н. Лебедева РАН, профессор кафедры квантовой радиофизики МФТИ.

## **Диссертации**

Кандидатская диссертация: "Некоторые вопросы теории столкновений электронов с атомами и ионами" (1966, с указанием Физ-тех)

Докторская диссертация: «Теория столкновений высоковозбужденных атомов с электронами и кинетика ридберговских состояний» (1980)

## **Монография**

Lebedev V. S., Beigman I. L., Physics of Highly Excited Atoms and Ions, Springer-Verlag, Berlin, 1998; 2011.
